# 3M™ Sample Collection and Preparation Products

Better testing begins with better samples — and better samples are obtained when you use the best collection tools. 3M™ Sample Collection and Preparation solutions provide quality products for every step of your process. Convenient, ready-to-use products. Consistent, reliable results. Every time.

# Collect.

Sponges and swabs designed specifically for microbial surface sampling.

## Sponges & Swabs

- Easy to use for product sampling and environmental testing
- Exceptional convenience and unsurpassed quality
- Increased productivity and efficiency
- Reliable and accurate — time after time
- Improved consistency from technician to technician and plant to plant

# Transport.

Wide variety of bags ensures collected samples are uncompromised during transport to testing lab.

## Sample Bags

- Durable, quality construction
- Wire ties for strong seals and reduced leakage
- Easy-to-open bag
- Available with or without sponges

# Prepare.

Prepared enrichments and diluents  
for standardized results — test after test.

## Prepared Enrichment Media

- Cost-effective alternative to making and sterilizing media
- Lowers operational labor costs
- Reduces errors in mixing and preparing dilutions
- Wide range of broths and buffers

# Analyze.

The comprehensive line of 3M Food Safety products works together to deliver consistent, reliable results.

## Testing Solutions and Lab Supplies

- 3M™ Petrifilm™ Plates:  
Sample-ready microbiology indicator count plates
- 3M™ Molecular Detection System:  
Pathogen testing with molecular accuracy
- 3M™ Tecra™ VIA Tests:  
Pathogen and Toxin Visual Immunoassay Tests
- 3M™ Electronic Pipettor II:  
Sample transfers made easy
- General lab supplies to meet your everyday testing needs

# Global experience. Local support.

3M Food Safety products are at work in more than 60 countries around the globe, to help keep businesses like yours moving forward. Our passion is to work with you to discover new food safety solutions that protect your brand, mitigate your risk and improve your operations. And, every day, our people are there to support you locally, by providing technical help and exceptional service.
